***** Take Special Notice of Snow Emergency Routes *****

Please take note if the street you park on is a snow emergency street. You will see signs posted on all snow emergency streets. If it is a snow emergency street, all vehicles must be removed off of the street when East Prospect declares a Snow Emergency is declared. The borough will post the snow emergency on our website, and broadcast it on local media outlets. The street signs also state the amount of snow to be automatically in a snow emergency. If a vehicle is left on the street, it will be towed. There will be no exceptions. Vehicles can be retrieved from Dens Service Center - 5109 E Prospect Rd, York, PA.

Snow Renewal

As a reminder: Every person in charge or control of any building or lot of land fronting or abutting on a paved sidewalk, whether as owner, tenant, occupant, lessee, or otherwise, shall remove or clear away or cause to be removed or cleared away, snow and or ice from a path of at least 24 inches width from so much of said sidewalk as is in front of or abuts on said building or lot of land. Snow and ice shall be removed within 18 hours after the cessation of any fall of snow, sleet or freezing rain. Any person who violates this ordinance will be subject to a fine of not less than \$100 and not more than \$600. If a person is in violation and neglects or refuses to comply, borough officials may direct the removal of the snow and ice, and the violator shall be charged the cost of the removal in addition to any fines imposed. The borough shall also be authorized to lien the property for the amount incurred for the violation.

Remember we have school students who walk to school each day, citizens who walk for exercise, and neighbors who need to safely walk on our sidewalks each day. Proper cleaning of your sidewalk is to everyone's benefit.

No Parking on Borough Avenues during snow emergencies.

All of the Avenues in the borough are no parking. Please make sure your vehicles are not parked or partially parked on the Avenues. Our Avenues are small and need to be fully open for driving and for snow plowing.
